Hi Susan,

It would be great to meet with you and/or get lunch. If you're available the 7th and we're meeting with Cassandra the fifth, why don't we meet on the 7th? I have a 9 - noon in W. Sac but we could meet for lunch ~ 12:30?

It would be great to talk to you and exchange thoughts.

You probably saw my reply to Mike. I really do think monthly meetings would be great but we have to figure out at EPA what we're able to do with our team cut in half over the last month. I'm pick up a lot of our senior scientists "to do" list.

Hi Erin:

I'd like to get together with you soon. Mike Nepstad came by this morning and said that he was going to coordinate a meeting with Tom, you, and I. Eventually, I'd like to meet for coffee or lunch and exchange thoughts about the project, the EIS/EIR, and future coordination strategies for our agencies. Maybe we can schedule something after our meeting with Cassandra in February. Currently, I'm available on the 5th and 7th of February.

I look forward to talking with you.

Thank you,
Sue

Good Morning Susan,

I'm catching up on two weeks of email and picking up the pieces of the last meeting that I needed to cancel at the last minute. I was thinking it would be nice to meet and talk with you about BDCP and how we will coordinate between our two agencies. Do you think it is better to talk the two of us or include Mike Nepstad? Or others from the Corps? Let's do what is best for you on that part. Tom Hagler, our staff attorney, may join us from EPA. I know he is interested but I don't know how available he is.

I'll also be sending a follow up email to you and Cassandra to identify a date and time for the three of us to meet.

This week and next week are v. full for me. I have a relatively open calendar on February 4th and 8th. I have open spots on February 5 and 7 too. Any chance you are available on those days?

I'm so sorry about the cancellation last time. I was having a disastrous week! I'm hoping lightening doesn't strike three times.

Talk to you soon,
Erin
